Dear Administrator:

I am pleased to inform you that as a result of the New York Department of Health (NYDOH) validation survey, Rockefeller University Hospital was found in compliance with all the Medicare Condition of Participation and will continue to be “deemed” to meet applicable Medicare requirements based upon accreditation by the JC.

The NYDOH advised you of the Medicare deficiencies noted during the validation survey of your hospital, and we are enclosing a complete listing of all deficiencies found by the NYDOH. We have forwarded a copy of this letter and our findings from this survey to the JC for its review. The NYDOH has also been sent a copy of this letter. The JC may be in touch with you to discuss the Medicare survey findings.

Since your Hospital has been found in compliance, we are asking that you submit a plan for correcting all the Medicare deficiencies cited by the NYDOH to us within ten days. Under the Federal disclosure rules a copy of the findings of this Medicare survey must be publicly disclosed within 90 days of the completion. You may therefore wish to submit a PoC for public disclosure, if you have not already done so. You should include your comments on the survey findings, and any plans you may have for correcting the cited deficiencies.

We thank you for your cooperation and look forward to working with you on a continuing basis in the administration of the Medicare program.

Sincerely yours,

A handwritten signature in blue ink that reads "Steven Blaum".
